

The Shield Shot **Booster**

Elevate Your Immunity with Our Powerful Tri-Immune Shot!

Fortify your defenses with our **Immune Booster injection**, featuring a potent blend of glutathione, zinc, and vitamin C. This robust formulation is designed to enhance your immune response and overall health, making it an essential addition to your wellness routine.

Why Choose Our Tri-Immune Shot?

The **Tri-Immune Shot** serves as a fantastic alternative to IV therapy, delivering a concentrated dose of vital nutrients directly into your body when you're short on time. This convenient injection is perfect for individuals who want to boost their immunity quickly and effectively without lengthy treatments.

What are the Key Benefits?

Strengthens Immune Function: Supports and enhances your body's defenses against illness.

Rich in Antioxidants: Glutathione protects cells from oxidative stress and improves overall health.

Boosts Recovery: Zinc aids in faster recovery from infections and supports wound healing.

What's in the Tri-Immune Shot?

Glutathione, Zinc and Vitamine C
